2 DAYS OF "MARATHON" CONCERTS from 10am to midnight

4th & 5th July 2020

Duels With artistic fencing in costume

Historical fresco about the 18th century and its knights telling the heroic history of the Chevalier de Saint-George, of his lovers and his friends Beaumarchais, the Chevalier d'Eon...

The Monkey King

**With accordions, saxophones,
Kung Fu & archery**

A musical storytelling in the style of a Chinese "Peter and the Wolf" where the harps embody the demons, the saxophones embody the evil army, the accordions embody the myriad of heroic monkeys and each instrument of the orchestra takes its place in the narration.

Short pieces of music are interspersed with terse theatrical narratives including scenic sports and animated scenes in a "massive happening".

Our shows have created this new genre, the music is written to be played and sung by a group of 1000 instrumentalists and singers of all levels, bringing together beginners with more advanced musicians on the same gigantic stage.

Mobs

circus, artistic fencing & archery**

Historical fresco about the 19th century, the invention of the accordion, the life of Adolphe Sax, the birth of the modern circus, the progress of science, the surge of romanticism from the era of Napoleon to the revolt of the Canuts, the rise of revolutions...
